A place with all the things people need to have a happy life there. I'd like to feel more safe riding my bike to school because some cars can crash into things. I'd like things to be a bit cheaper because some people can't even go to Sovereign Hill!

Mike

My friends?

Nive

A good neighbourhood is sometimes a place to make friends. A good neighbourhood is a good place for riding bikes, skateboards and scooters.

What makes a good neighbourhood?

Everyone's kind, everyone lives close to each other, lots of parks, places to bike ride, free tennis courts, ovals, ice cream shops, trees, community gardens, libraries

Mahathi

A good neighbourhood is when everyone is nice to everyone. A smile and friendliness amongst the neighbours and looking after each other in a positive way. Every place should be safer for the entire family.
